Mia le Roux was the fastest apple-in-a-bucket race contestant for 8 to 11-year-olds. Second was Melissa Jordaan and third Kiaan van Tonder.

## Sports Challenge day a resounding success

Under the auspices of Hermanus Adventures, 210 cyclists, trail runners and walkers took to the hills and fynbos trails of the Hemel-en-Aarde Valley in ideal, drizzly weather on Saturday 6 April. It was the 2013 Camphill School Sports Challenge.

Also on offer were boules, jukseke and croquet for adults and for the children puppet shows, pony rides, face painting and every kind of fun race – egg-and-spoon, three-legged, sack, and many more.

For 19-year-old Camphill learner, Malibongwe Tyizeka, it was an especially memorable day.

With the help of a loaned bicycle from Euodia Cycles, he was able to participate in the mountain bike trail, along with a small group of young cyclists from the Mount Pleasant Cycle Club, also testing their mountain biking prowess.

Camphill School would like to express its heartfelt thanks to all those who participated

as well as the many who contributed in cash or in kind. In particular, special appreciation goes to Paul du Toit of the Wine Village and Hermanus Adventures for the hours of time and buckets of enthusiasm and energy he gave to cutting trails and organising the trails.

All monies raised will go towards the care and education of the very special children of Camphill School.
